

I.G.C.S.E. Geography

(Cambridge Board)

Why Study Geography?

As we know, Geography is the study of the Earth. This syllabus allows each student not only to examine the physical and human aspects of this subject but also to look at its relevance to the modern world.

The study of Geography has four main themes:-

- 🌐 Population and Settlement;
- 🌐 The Natural Environment;
- 🌐 Economic Development and the use of resources;
- 🌐 The inter-relationship between the National Environment and Human Activities.

What's involved?

Examinations (100%)

All candidates will take three papers:-

Paper 1 – core paper

Paper 2 – in depth studies and skills based paper

Paper 4 – alternative to school base assessment.

Study includes examination of the following on a world basis:-

- 🌐 Physical Geography
- 🌐 Human Geography
- 🌐 Environmental Geography and Mapwork

Pass grades A* to G are awarded on successful completion of the exam.
